

# NEW OFFER TO SETTLE MATTER

## Officials Of Telegraphers' Union Would Allow General Board Of Arbitration To Judge On Claims.

## COMPLETE CHANGE OF FRONT NOW

### Mitchell, Klees And Gompers Would Be The Board Of Arbitration To Decide On The Disputed Questions.

[BY ASSOCIATED PRESS.]

Chicago, Aug. 16.—The officials of the Telegraphers' Union this afternoon have changed front entirely and late this afternoon made a proposition to have the differences between themselves and the telegraph companies settled by the General Board of Arbitration of the American Federation of Labor. This board consists of John Mitchell of the Mine Workers' Union, Daniel Klees of the Longshoremen's union and Samuel Gompers, United States Commissioner. Sent left for Washington this afternoon and before leaving stated that the union could not be settled in Chicago, but must be settled in New York.

New York, Aug. 16.—Up to noon today the order for a general strike of all members of the Commercial Telegraphers' union, issued by President Small, last night, had met with no response from men at work in either the Western Union, Postal, or the Associated Press offices.

In Chicago

Chicago, Aug. 16.—Despite the issuance of the general strike order by President Small last night, the situation in the city is not materially changed today. All who are disposed to strike and who might have been affected by the general order were already out.

Another Phase

Madison, Wis., Aug. 16.—Sympathy for the striking telegraphers proved stronger than love of his promised bride in the case of Edward Lucas, operator for the Postal Telegraph company at Madison, and he has gone out on strike, notwithstanding that it means single life for him unless he finds another girl. He was engaged to be married to a young woman in Milwaukee, his former home, and was sent to Madison to learn the business of manager of a local office with the promise of being placed in charge of an office as soon as a desirable vacancy should develop, which position was to be followed by his marriage. At the first walking out of operators in Chicago his conscience pricked him and he informed his fiancée that he desired to help the workers by giving up his position and his promise of favor with the company, but because the girl threatened to throw him over in case he struck he remained at the key until the strike reached Milwaukee and became almost general. Then he reported to the local manager:

"I know this means losing my promised wife and losing assured position with the company, but conscience tells me to do all I can to help the men who are making a fight for living wages. I have joined the strike."

Then he closed his key and went to look for a job as an electrical worker, declaring that "now that she will not marry me I can earn my own living and will not ask for strike money when other men need it worse than I."

## PARKER AND BRYCE ON LAW PROGRAM

American Bar Association Held Thirtieth Annual Convention in Portland Last of the Month.

[SPECIAL TO THE GAZETTE.]

Portland, Me., Aug. 16.—The conference of the speakers and the thoroughness of the subjects scheduled for discussion combine to give promise of an unusually interesting meeting when the American Bar Association comes to Portland the latter part of this month for its thirtieth annual convention.

The sessions will last three days and will be followed by the twenty-fourth conference of the International Law Association. The Association of American Law Schools will meet at the same time and there will be sessions also of the sections on patent, trademark and copyright law. The several meetings will attract between four and five hundred of the best-known lawyers and jurists of America, with a score or more of legal authorities from abroad.

Two of the important features of the American Bar Association meeting will be the president's address by Alton B. Parker, of New York, and the annual address to be delivered by Right Honorable James Bryce, the British ambassador.

Judge Charles F. Amidon, of North Dakota, will speak on "The Nation and the Constitution," and Charles A. Prouty, of the Interstate Commerce Commission, will be heard on "A Department of Railways; Its Legal Necessity."

J. Wescott, Who Lived Near Edgerton, Hung Himself This Afternoon in His Barn.

[SPECIAL TO THE GAZETTE.]

Edgerton, Wis., Aug. 16.—J. Wescott, a prominent farmer living three miles west of town, hung himself this afternoon. No cause is known for his act. He leaves a wife and large family.

Mrs. Banks

Mrs. J. C. Banks, aged eighty, died last night. She leaves two sons, Joseph and Charles, to mourn her loss. The funeral will be held on Sunday.

## WATER MAIN BREAKS IN CHICAGO TODAY

Entire District on Chicago Avenue Flooded by Vast Stream of Water.

[BY ASSOCIATED PRESS.]

Chicago, Aug. 16.—By the breaking of a thirty-six-inch water main at the corner of Chicago avenue and Kingsbury avenue today, a stream of water was thrown into the air sixty feet, and the loss is estimated at several thousand dollars. The guests of the Stockholm hotel were thrown into a panic and the police rescued many from drowning.

## CONNOR'S ROAD IS SUBJECT TO RULES

Finding Casts Spell Upon the Lieutenant Governor's Property.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Aug. 16.—That the practice of the Marquette railroad, owned by Lieutenant Governor Connor, is unlawful, unquitable and socially and economically a parasite is the conclusion of a decision handed down by the Railroad Commission today. It was found that in some cases passengers were carried free on this road and in many cases less than car loads of lumber did not have to pay freight. It is also declared that the company did not issue a tariff schedule. At the hearing a month ago Mr. Connor, through his attorney, said for the defense that his road was not a common carrier. The decision of the road commission declares the opposite.

## MONTEREY YOUTHS TAKEN TO TASK

Trio Accused of Storing Frank King's Blacksmith Shop Entered Plea of "Not Guilty" in Court Today.

Three Monterey youths—Otto Manthel, William Wallbach, and George Summerville—were held into municipal court this morning to answer to the charge of maliciously defacing and injuring, by throwing stones on Aug. 13, the property of A. Hollenbeck, used by Frank King as a blacksmith shop. All of them strenuously denied the charge, at the same time admitting that they had congregated with the gang of thirty or forty boys in the locality from whence the missiles are alleged to have come.

"Whether you did it or not, this thing has got to be stopped. People down here have been repeatedly annoyed by the band of boys who loaf about Monterey evenings and a little while ago an aged man was nearly killed by a stone thrown through a window," said Judge Elliot. The hearing was set for next Friday morning and the youths were released on City Marshal Appleby's promise to be responsible for their appearance on the before-mentioned date.

Mrs. John Keenan, an aged woman living alone at 308 Wall street, complained to the police yesterday of a band of lawless children who have been engaged, so she claims, in throwing mud on her windows and tearing up the board sidewalk in front of her premises. She further alleged that the mothers of some of these children were highly amused and encouraged the youngsters in their devilry.

## STEAMER HIAWATHA IN DANGEROUS SPOT

Cleveland Vessel Is in Dangerous Position Near Manitowoc Today.

[SPECIAL TO THE GAZETTE.]

Manitowoc, Wis., Aug. 16.—The steamer Hiawatha from Cleveland is ashore near Two Creeks. It is resting easy but may go to pieces.

## EL PASO ENTERTAINS FIVE MILLION CLUB

Texas Boosting Club Gather at Paso City—Will Discuss Ways and Means of Increasing Lone Star State's Population.

[SPECIAL TO THE GAZETTE.]

El Paso, Texas, Aug. 16.—"Boost Texas" is the slogan of the hundreds who gathered here today in attendance on the meeting of the Texas Five Million club. Delegations, many of them accompanied by bands, are on hand from San Antonio, Houston, Galveston, Beaumont, Dallas, Fort Worth, Waco, Sherman and numerous other cities throughout the state. The delegates will spend two days in discussing ways and means to increase the population of Texas, attract immigration and otherwise aid in the industrial development. The local commercial organizations have made great preparations for the entertainment of the visitors.

## WESTERN CONFERENCE CONVENES AT GENEVA

Young Women's Christian Association in Annual Convention—Noted Speakers Present.

[SPECIAL TO THE GAZETTE.]

Lake Geneva, Wis., Aug. 16.—The annual western conference of the American committee of Young Women's Christian association opened today and will continue ten days. The work of the conference will be Bible study and discussion of association work in college, city and mission fields. The programs for each day are of unusual interest and are arranged with a thought of deepening the spiritual life of the young women and to inspire them for Christian leadership in civic and church life. Noted speakers such as Dr. Howard Agnew Johnson of New York, Dr. Charles E. Bradt of Chicago, Augustus Nash of Cleveland, and J. Goodwin Perkins, educational director to the Y. M. C. A. of Chicago, will represent the home field, while the work of the foreign field will be presented by Mrs. Bertram Shuman of Buenos Ayres, Miss May McElroy, Miss Harriet Taylor, Miss Isabel Cratty, Miss Emma Hays, Dr. Anna Brown and Miss Lillian Long of the national board.

## MILWAUKEE BLIND MEN FORM READ CLUB

Sightless People Meet in Public Library Where News is Read For Social and Cultural Betterment.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., Aug. 16.—Paradoxical as it may seem, a "reading club" has been established in Milwaukee for blind people. Each Wednesday evening the sightless gather at the public library and current news is read. The purpose is to provide social and cultural life for young men who are working in the state workshop for the blind. A club may be formed later.

## THEATRE PEOPLE ARE READY TO SEE ARTIE

Managers, Actors, Players, and Artists at South Bend Ready to Witness Artie's New Play.

[SPECIAL TO THE GAZETTE.]

South Bend, Ind., Aug. 16.—Sheldon has been gathered in a city of this size so many notables as are now here for the purpose of witnessing the first production tonight of George Ade's new farcical comedy, "Artie." Theatrical managers and players and authors and artists of national and international fame have come from Chicago, New York, Indianapolis and other points to give the new play a rousing send-off. After two performances at the Auditorium here the piece will be taken to Chicago and put on for a run.

## VERMONT RECOGNIZES GREAT BATTLE DAY

Green Mountain State Shuts up Business Houses and Celebrates Anniversary of Historic War Day.

[SPECIAL TO THE GAZETTE.]

Bennington, Vt., Aug. 16.—Bennington today observed the anniversary of the battle of Bennington, was observed as a legal holiday in Vermont today as usual. Flags were raised at many points, banks and public offices were closed and appropriate exercises were held under the auspices of various patriotic and historical societies.

This was the 129th anniversary of the historic event, which is commemorated here by the highest battle monument in the world. The monument is an artistic monolith 308 feet in height, and was erected between 1887 and 1891.

## FROM TAILOR TO A PREACHER OF GOSPEL

Chicago Baptist Minister Fitted Clothes For Wausau People.

[SPECIAL TO THE GAZETTE.]

Wausau, Wis., Aug. 16.—"From Tailor to Preacher of the Gospel" would be an appropriate title for an autobiography of Rev. A. Bendish, now in charge of a German Baptist mission in Chicago. Fifteen years ago Mr. Bendish was fitting clothes for Wausau people. His wife is here on a visit.

A Job in Prospect.

New York was in sight. The ship was entering the harbor. "Ah, free America," exclaimed a foreigner on the deck. "Free America, so land where everybody has an equal chance." "Going to locate there?" inquired a friendly American. "Ah, yes, I had come over to engage in zo oil business."

## STEPPERS UNDER THE HAMMER AT SARATOGA

Twenty-one Race Horses Will Be Sold by Durnell, Former Partner of Gates Who Has Retired.

[SPECIAL TO THE GAZETTE.]

Saratoga, N. Y., Aug. 16.—Many celebrated racing horses are on the list to be sold at an auction which opened here today. The horses are twenty-one in number and make up the string of C. E. Durnell, the chief figure in the greatest pleasing study of the turf. Durnell for some time has been a partner of John W. Gates. Since Mr. Gates went abroad things have not gone well with the firm and Durnell has decided to dispose of the stable and go to England. The prominence of some of the horses to be disposed of led to marked interest. In the occasion and a number of well-known horsemen were present at the opening of the sale.

## NATIONAL TENNIS CHAMPIONSHIP IS ON

All Sections of the Country Represented at New York Ready for Championship Double Contests.

[SPECIAL TO THE GAZETTE.]

New York, Aug. 16.—Interest of lovers of tennis is now centered in the sectional matches which began today on the courts of the Croquet Athletic club at Bay Ridge. Teams representing the east, west and south are contesting for the honor of playing for the national doubles championship. It is the first time that a southern team has competed with representatives of the east and west for the sectional doubles championship.

The southern team is made up of Bryan Grant and "Nat" Thornton, who won the doubles championship of the south at the Atlanta tournament last month. Alexander and Hackett are the western representatives and Little and Wright make up the eastern team. The only winner of the sectional tournament will have the honor of competing for the national championship at Newport next week with Holcombe Ward and Benk C. Wright, the present holders of the title.

## SONS OF HERMAN AT OSHKOSH CONVENTION

Important Legislation May Be Enacted at Executive Sessions—Most Lodges Represented.

[SPECIAL TO THE GAZETTE.]

Sullivan Vs. Flynn

Denver, Colo., Aug. 16.—The Denver Athletic club has arranged a good card for its boxing show tonight, the wind-up to be furnished by Jack (Twin) Sullivan and Jim Flynn of Pueblo. Flynn has won honors in many good fights in this part of the country and is counted on to give the clever New Englander a hard nose. The articles call for a ten-round bout.

# TO SELECT AMERICAN RIFLE TEAM TO COMPETE CANADA'S

## Competitive Shooting Among American Marksmen Who Will Shoot For Palma Trophy Starts Today.

[SPECIAL TO THE GAZETTE.]

Port Clinton, O., Aug. 16.—Preliminary competition for places on the American team which is to go to Ottawa, Canada, next month, to compete for the Palma International trophy began today on the military range at Camp Perry. From the aggregate of the scores made in this will be selected—nine on the basis of the highest aggregate and three by the executive committee of the National Rifle Association of America, making twelve in all, of whom four will be alternates. Of the twelve the eight men to shoot on the team will be selected by the team captain after preliminary practice on the Canadian range.

Lieutenant Colonel N. B. Thurston, of New York, is to be the captain of the team. He is exceptionally well qualified for this position, having been captain of the New York team for many years. The New York team under his direction has been victorious in a large number of hard-fought interstate contests. Colonel Thurston is noted for his ability as a coach and is one of the foremost authorities of the United States on rifle shooting.

Indications are not lacking that the competition for places on the team is to be heavy and spirited. New York has entered Captain A. E. Wells, Captain George Corwin, Sergeant George H. Doyle and Dr. W. B. Short, three of whom—Wells, Doyle and Short—were on the Palma team that went to England four years ago. Massachusetts has entered four men, Maine and Georgia one each, New Jersey, three, Ohio ten, and there are also some of the best rifle shots of the United States army, navy and marine corps.

The international contest for the Palma trophy will excite the widest interest as it will be competed for by teams composed of the best riflemen of England, Canada and the United States. Three years ago when the Palma contest was shot at Salisbury, England, the American team won the trophy. The board of judges, however, decided afterward that on a technical point—a matter of arms used—the Americans had not won the trophy fairly, and so though the team had won it and brought it home it was returned to England.

# HARRIMAN WOULD OWN ALL RAILROAD SYSTEMS SOON

## Famous Railroad Man In An Interview Today Says He Would Make Roads Pay Dividends.

[BY ASSOCIATED PRESS.]

Reino, Nev., Aug. 16.—Edward H. Harriman in an interview today stated that if he could buy them he would soon own all the railroads in the United States. When asked relative to the statement that he would buy the railroads, turn them over to the government for a reasonable compensation and manage them as railroad commissioners, he said: "The interview has been misquoted. I do not believe the time is ripe for Federal ownership of railroads and my only interest in railroads is to run the roads so that they will pay a dividend. I run my roads on a strictly business basis and I did not answer the questions asked me by the Interstate commerce commission in New York because they were relative to my personal business."

# MILWAUKEE FRIGHTENED BY REPORT OF BIG FAILURE

## Rumored That The Allis-Chalmers Company Had Gone Into Receivers Hands.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., Aug. 16.—The city was excited this afternoon by reports of Allis-Chalmers company going to the wall. The rumor was based on the fact that stock of the company in Wall street went down from 22 to 15. At the office of the Allis-Chalmers company Chas. Allis, chairman of the board of directors, told the Gazette representative that there was no truth in the rumor of the company going to the wall. He said that the company had had a little difficulty in getting money and blamed it to the Roosevelt policy. He said that the company has had to borrow a lot of money very frequently to finish machines for which they do not get paid until the machines are completed. He said there was no evidence of hard times in the fact that money is tight for the company but simply showed they had so many orders they could not handle them.

## ANOTHER TRUST IS TO BE ATTACKED

International Harvester Co. Is Now to Be Drawn Into Anti-Trust Violation Fight.

[BY ASSOCIATED PRESS.]

Washington, D. C., Aug. 16.—Suit is to be instituted by the government against the International Harvester Co. for the alleged violation of the Sherman anti-trust act. The papers in the proceeding action are being drawn at the department of justice and the proceedings are likely to be commenced soon in Chicago.

## ONCE COMATOSE AND INSANE, NOW NORMAL

After Long Weeks of Unconsciousness and Imbecility, J. E. Karm Writes Letter to Wife Showing He Is Rational.

After lying in a semi-comatose state for several weeks, then becoming delirious and being committed to the State insane asylum at Mendota, J. E. Karm, has recently become rational. It is thought, from a letter received by his wife in this city which came as a great surprise to her and her friends. Karm was injured at Crystal Lake June 22 by being thrown from the top of a car to the ground, striking on his head. He was brought to this city in a most precarious condition and lay for several weeks in the Mercy hospital, being unconscious most of the time. He was finally committed to Mendota on Aug. 3 by Judge Saxe, having been found to be insane by the examining physicians. His condition has recently shown an improvement and yesterday he wrote to his wife, the letter showing that his mind is again clear and in practically a normal condition.

**IMPURE BLOOD.**

If you could see inside the stomachs  
of most people who suffer from im-  
pure blood you would

Little son of Mrs. Hahn, decaying,  
and closing

gling the intestines. From this  
growing mass the blood must derive  
nourishment to carry every organ of  
the body. Think of it. Is it any won-  
der their complexion is bad, their  
breath offensive, their bowels in-  
active and their health impaired in every  
way? Is it any wonder that they can  
get no relief from blood purifiers,  
purgatives when as fast as the blood  
is cleansed it is tainted again? Try  
a rational treatment. Take something  
to help the stomach rid itself of this  
stagnant mass and to keep it from ac-  
cumulating. Then see if you don't  
improve. One bottle of Cooper's New  
Discovery will prove my words to you.  
I have seen hundreds of just such  
cases and here's one of them:

"About a year ago my little son,  
who is nearly four years of age, suffered  
an attack of scarlet fever. Soon  
after he contracted what we thought  
was some form of erysipelas. Sores  
and blisters broke out on him and he be-  
came weak and peevish.  
"We tried physicians and medicines  
but nothing seemed to help him until  
several weeks ago we started to give  
him Cooper's New Discovery and  
noticed an improvement almost im-  
mediately. After a few doses we no-  
ticed his appetite was better and grad-  
ually his little face assumed a bright-  
er appearance. His skin is now clear  
and I want to thank you sincerely  
for what the medicine has done  
for him." Mrs. Hermann Hahn, 823  
Johnson St., Nashville, Tenn.

Ask us about Mr. Cooper's famous  
medicine. We are the agents.

THE NINTH ANNUAL  
FAIR IS PLANNED

Evansville Fair Promises to Eclipse  
Any Former Attempt—  
Other News.

[SPECIAL TO THE GAZETTE.]

Evansville, Aug. 16.—The ninth an-  
nual fair of the Rock County Agri-  
cultural association will be held at  
Evansville Sept. 3-4-5-6. An unusual  
effort is being made by the associa-  
tion to make this the best entertain-  
ment that has been held. Improve-  
ments of an expensive nature are now  
being made for the pleasure and con-  
venience of the people. The most  
notable one is the sinking of muddy  
wells which will furnish an abun-  
dant supply of pure water for stock and  
other purposes. An unusually large ex-  
hibit is promised and the races and  
other attractions have been secured  
at great expense and can not but be  
appreciated by the throngs who will  
visit the exhibition.

Miss Lulu Van Patton entertained at  
a one o'clock luncheon yesterday  
afternoon. The event was given for  
Miss Alice Spencer, who expects to  
leave next Monday evening for Mis-  
souri, Mont., where she has been en-  
gaged as instructor in English. Miss  
Spencer was "showed" with nume-  
ous remembrances to frequently bring  
to mind her many Evansville friends.

Miss Gertrude Bager was hostess  
to a large company of her friends  
Thursday evening to a six o'clock din-  
ner, at which the Misses Boudin, Hazel  
and Lora North were the guests  
of honor. Covers were laid for thirty  
and a most enjoyable time had.

Miss Mada Stevens spent Tuesday  
with friends at Madison.

Miss Emma Kuehl has accepted  
the position in the Grange store,  
made vacant by Miss Jessie Jenkins,  
who goes to Whitewater Normal next  
year.

Miss Lella Gillman of Madison is  
the guest of Miss Clara Richardson  
this week.

Miss Marian Ugrubert, who has  
been entertained at the home of Miss  
Mada Stevens the past week, re-  
turned yesterday to her home at Mad-  
ison.

Dr. and Mrs. C. M. South, Jr., and  
Mr. and Mrs. L. Frantz are building  
an auto trip to Lenox, S. D., where  
they will visit relatives. They will  
be absent about three weeks.

Mrs. Alice Lake and daughter of  
Chicago are here as the guests of  
Marens Lake.

Mr. and Mrs. Geo. Van Patton of  
Iowa City arrived yesterday for a  
week's visit to the latter's parents,  
Mr. and Mrs. C. B. Hardin and other  
relatives.

Mrs. Irvin Walker will attend the  
picnic at Atten today. From there  
she will go to Albany to visit Mrs.  
Laura Jones and Mrs. Nellie Gillette  
and together they will visit friends  
in Bradford for several days.

H. D. Morgan left for a business  
trip to Milwaukee this morning. From  
there he will go to Racine, where  
he will visit his son, R. W. Morgan,  
for a short time.

Bon Clifford of Cedar Rapids, Ia.,  
and Charles Clifford of Plattville  
spent yesterday here.

Mrs. Lulu Wilson left for Portage  
yesterday to be the guest of Mr. and  
Mrs. Wendell for a fortnight.

**COFFEE MATCHED AT LAST**  
A Test Package Mailed Free.

A new product—Dr. Sheep's Health  
Coffee—is said to so closely match Old  
Java and Mocha Coffee in flavor, taste,  
and aroma, as to be scarcely discernible  
from the very best brands of real coffee.  
"And yet," says Dr. Sheep, "Health Coffee  
has not even a grain of real coffee in it."  
I make my Coffee imitation from pure,  
healthful, roasted grains or cereals, with  
malt, nuts, etc. This is why I have named  
it Health Coffee.

Again, the tedious 20 or 30 minutes wait  
necessary in preparing other Coffee sub-  
stitutes is mostly saved. My new Health  
Coffee imitation is made in exactly one  
minute—in 60 seconds.

If Coffee drinking makes you dull and  
listless, if it disturbs your stomach, your  
heart, or your kidneys, try my Health  
Coffee and see for yourself what it can  
and will do for you. Send 4 cents in stamp  
to cover postage, to Dr. Sheep, Racine,  
Wis., and secure a trial test package  
entirely free. 14 pound package Health  
Coffee sells at 25 cents by

LINK AND PIN  
MEN QUIT BUT WORK  
MOVES AT NEW YARDS

Cement Work on Roundhouse Com-  
pleted. Two Work Trains Will  
Be Taken Off Tonight Because  
Lack of Men and Material.

All cement work on the new round-  
house of the North-Western, in the  
process of construction at the new  
assessing yards south of the city, has  
been completed and the brick work  
has been finished up to the first row  
of windows. Work at the yards is  
progressing as well as can be expected  
in view of the shortage of laborers.  
Six men quit at the yards yesterday  
and several more passed up their jobs  
today, this being pay day for the com-  
pany's employees. Two work trains,  
one moving the steam shovel, and the  
other hauling gravel, will be taken off  
tonight because of the shortage of  
men and the lack of material. It is  
said. Conductor Riley has charge of  
the train moving the steam shovel  
and Conductor Geo. Wittwer is in  
charge of the other work train. Work  
on the north side of the cut being  
underway for double tracks near the  
yards will be completed on the north  
side by tonight.

**MATTER WILL GO TO  
FEDERAL AUTHORITIES**

Question of Interstate Rates on  
Cheese to Be Taken Before State  
Commerce Commission.

Freight rates on cheese from points  
in Northwestern Wisconsin to Chicago  
will be made the subject of a  
formal complaint that will be lodged  
with the Interstate railroad commis-  
sion by the Wisconsin railroad com-  
mission. The state commission made  
full inquiry into the question of in-  
terstate rates some months ago when  
the commission was acting on the  
complaint of the Southern Wisconsin  
Cheese-makers' association and the  
commission suggested a Chicago rate  
of 25 cents a hundred, which was sat-  
isfactory to the cheese shippers. The  
matter has been revived by the action  
of the railroad in putting into effect  
a rate of 33 cents to Chicago. Two  
railroad companies have made official  
reply to this demand refusing to  
make the rate suggested and that as  
soon as the Northwestern road is  
heard from the formal complaint will  
be sent on to Washington. The state  
commission has been engaged in pre-  
paring the case for submission to the  
interstate commission.

The commission says that the action  
of the railroad in putting up the  
rate from 25 cents to 33 cents with-  
out notice or on shorter notice than  
specified by law is clearly unlawful.

The commission claims it has the  
power over classification but states  
that the rates made in the order re-  
fusing Wisconsin rates were estab-  
lished without consideration of clas-  
sification and appeared to be fair and  
just. As the question relates after-  
wards to interstate shipments it has  
been decided to take the complaint to  
the interstate commission.

**WHISTLING BOTHERS  
PEACEFUL SLUMBERS**

Residents Living Near Tracks Com-  
plain of Locomotive Whistles  
During Night.

Residents living in the vicinity of  
the Five Points and near the St. Paul  
yards are about to register a com-  
plaint to the city authorities against  
the whistling of St. Paul engines dur-  
ing the night. It is reported. The  
annoyance caused by the midnight  
shrieks of engine whistles has fairly  
set some of the citizens living in the  
locality close to the railroad tracks  
on their nerves and if there is not  
less tooting during the slumber hours  
in the future the matter will be  
brought before the city council and  
measures taken to have the nuisance  
stopped. People declare that it is im-  
possible to get a full night's sleep  
with the intermittent blowing of lo-  
comotive whistles blasting in their  
ears to disturb their peaceful slum-  
ber.

## ..Forty Years Ago..

Janesville Daily Gazette, Friday, Aug. 16, 1867.—A Good Railroad Arrangement.—On and after Aug. 15, a train will run between Milwaukee and Janesville at 6:50 a. m. and returning at 10:15. This will prove a great convenience to those who may desire to visit Milwaukee as it will be seen they can spend several hours in that city and return the same day.

Interment.—It will be recollected by many that Capt. Geo. S. Dodge, who resided in this city some eight years before 1860, went south with his wife that year for his health, on the day of their arrival in Mobile he died. His wife concluded to spend the winter there, and bring his remains home in the spring. The rebellion compelled her to hasten her departure, leaving her husband's remains interred there. She came through by the last train that was

unmolested. Capt. Dodge's remains have recently been sent north and have been deposited by the side of his deceased children in Oak Hill cemetery.

Broke Jail.—Soon after six o'clock last evening, and just before the time for locking up the prisoners in their cells for the night, it was discovered that four of them had broken and fled. They made their exit from the building by climbing away a flag pole in the rear, and then they were enabled to break the soft and yielding stone which barred their passage to the river. The soft stone here favored them again and a very little exertion enabled them to crawl around the grating and reach the outside world, where they speedily made tracks for liberty and have not since been apprehended.

## Coming Attractions.

"The Missouri Girl," which comes to the Myers theatre, Aug. 17, multi-media and evening, is a bright, rural comedy that pictures life in the Ozark country in every detail. It has a strong moral which always leaves a good impression, and bears the proud distinction of having the endorsement

of all the leading critics of things theatrical, as well as of the public throughout the entire country. The comedy is clean, refined and extremely funny, being the kind of fun that you are not ashamed to have your mother, wife, sister or sweetheart see.

## THREE STRONG MEN

There are in the cabinet three strong men, Root, Taft and Cortelyou, men who measure in ability and character up to the highest standard of public life in America. These men will perform the most valuable public service of their lives by giving to President Roosevelt at this time of financial unrest just that advice which is needed to preserve order, justice and righteousness.

The President's own strength of character and will were never more conspicuously displayed than when he gathered such men around his cabinet table. A small man would feel overshadowed by such intellects. Not Roosevelt. Taft is about to make a series of speeches that should do much to clarify the situation. Cortelyou will use the money in the treasury to protect the money market. The country would like also to hear from Root.

## ROOT AND BONAPARTE

Our foreign policy is peaceful and serene. Our domestic policy is strenuous and troublesome.

Would it not be a good idea to transfer Elihu Root from the department of state to the department of justice? What he would lose in dignity of position he would more than gain in the opportunity for effective public service.

"Attorney General Bonaparte's attitude in regard to the prosecution of the trusts betrays a flippancy that is not in keeping with the tremendous seriousness of the interests involved," says the Wall Street Journal.

## THE JAIL CURE

The jail seems to be becoming more popular than ever these days, especially on the part of those people who want to see the other fellow put into it. Nobody except the sheriff, who wants the office, and the poor wretch who finds less comfort out of it, cares to go back to the place again. But judging from the frequency with which some people recommend the jail as a remedy, there are, in their judgment, not a few left who ought to be on the cool side of the walls.

## WHY NOT THE NATION?

John Sharp Williams, one of the ablest men whom the south has elected to the senate, says that his plain duty is to consecrate his energies to the service of his party, his state, and the south. Good so far as it goes, but narrow in its scope. Why not consecrate himself to the country? That includes all the rest, and much more. Partisanship, sectionalism, the race tie, and even class feeling, have their use, but they should all be subordinated to patriotism, which means the whole country, the nation.

## AS OLD AS THE BIBLE

A house divided against itself cannot stand.

Capital and labor must work together or both starve.

The employee and the business interests must be in harmony or both will fail.

The state of Texas is booming itself after years of quiet. Now it has gone into the business of making itself the greatest in population of any state in the union. It already had the size.

The strikers who have walked out

and are discharged will lose their chances at a pension when the days for working are over.

So The "Boy Mayor" of Milwaukee would be the "Boy Governor" of Wisconsin. Well, Mr. Becker, here's to you for consummate nerve, you take the cake.

Chicago has had strikes before, but this time the telegraphers have given the rest of the strikers an opportunity of seeing how well behaved they can be.

What would the Indian Ford Transportation Company do if the Indian Ford Dam was wiped out of existence?

So President Small of the Telegraphers' Union has arrived in Chicago and is ready to declare a general strike.

That poor old Indian Ford Dam can bob up seriously after all those stories of its going to be dynamited time after time.

The jingo us to the Japanese invasion of the United States has subsided with as much speed as it rose into prominence.

Washington waits with unrest for Taft to strike the keynote of his campaign in his Columbus speech.

Roosevelt again bobs up—this time as the Presidential candidate for the corporation interests.

Milwaukee is also the seat of a gubernatorial candidate if reports can be believed.

There is still time for Roosevelt to change his mind as to that job of President.

Secretary Taft has begun his crusade against the evils of Forakerism in Ohio.

Storms come and go. The farmers wanted rain but not a tornado.

## Unique Midday Service.

An innovation in church circles has been the holding of midday services in the new Madison Square Presbyterian church, New York city, the pastor of which is the great Tammam Hall fighter, Rev. Dr. Charles H. Parkhurst. These services commence at 12:10 o'clock and last just 15 minutes. The organ plays for ten minutes before the meeting begins. Dr. Parkhurst's aim has been to keep the gatherings as simple and informal as possible. They have been in the way of an experiment, being held every week day except Saturday.

Rock Salt Preserves Ice.

A cheap mixture to put around an ice chest to keep it cold is powdered rock salt in the proportion of one part to two parts of powdered ice.

## To Mend Granite Ware.

Fuse together equal parts of sulphur and black lead, and melt a portion of this in the hole with a hot iron as in soldering.

Put it in Janesville.

## Too Rapid Growth.

The minister's six-year-old son is a very critical, literal turn of mind and his father's sermons sometime puzzle him sorely. He regards his father as the embodiment of truth and wisdom, but he has difficulty in harmonizing the dominion's pulpit utterances with the world as it really is. His parents encourage him to express his opinions, and clear up his doubts as much as possible. So one Sunday at dinner, after a long period of thought, they were not surprised when he said gravely: "Papa, you said one thing in your sermon to-day that I don't think is so at all."

"Well, what's that, my boy?" asked the clergyman.

"Why, papa, you said 'the boy o'-to-day is the man of to-morrow.' That's too soon."

## Irreverent Berlin Journalist.

A journalist in Berlin has been exercising his ingenuity in attempts to explain the meaning of the letter S which appears with more or less frequency after the names of German military officers in the records kept at the ministry of war and in the Kaiser's military cabinet. He has come to the following conclusions: One S after an officer's name means that this particular officer "sauf" (drinks); SS means that he "sauf stark" (drinks hard); SSS denotes that he "sauf sehr stark" (drinks very hard); SSSS means that he "sauf sehr sehr stark" (drinks very hard schenaps); finally SSSSS means that the "schenaps" is "schlecht" (bad). Any officer with five S's is summarily dismissed by the Kaiser.

## Can Fish Talk?

A scientist has made some interesting experiments as to fish, endeavoring to learn whether they can communicate with one another. Fishing in one pool, when he caught a trout, he threw it back alive into the pond. Then he put in a freshly baited hook, and only two or three trout came after it. By experimenting in another pond, equally well-stocked, and not throwing back any fish, he found that he could catch trout as long as he chose. It would seem that captured fishes, when released, can communicate to their neighbors in the pond.

## TRUST BUSTING

The most popular man in the hearts of the American people today is President Roosevelt.

Why? Because he stands for the "square deal" to the common people as well as to the corporations.

He takes the side of the people who need things and against the combinations that would take advantage of their needs, to extort undue gains.

These are days when lots of men find it to their profit to combine and raise prices.

In Dentistry, Dr. Richards of Janesville holds all from all local combiners and maintains his prices on a living, reasonable basis.

## COLLINS HOME IS STRUCK BY BOLT

LIGHTNING DID SMALL AMOUNT OF DAMAGE THOUGH.

### BIG TOBACCOSED WRECKED

Storm Last Night Was Very Severe Throughout the Entire Southern Portion of the State.

Lightning struck the residence of William Collins, 52 South Pearl street, last night during the electrical storm, the bolt passing through the house from the roof to the basement and striking Mr. Collins on the arm. The bolt struck the apex of the roof splintering the shingles and studding and tearing a hole in the top of the house. The flash then passed down through the house to the main floor where a part of it flared off and struck Mr. Collins, who was sitting in a downstairs room, on the arm. It gave him a slight shock but it did not prove serious. This morning about 20 birds were found dead at the side of the house, the presumption being that they had sought shelter under the eaves of the house and were killed by the shock of the bolt that struck the residence. No other damage is reported to have been done in the city.

**Damage by Wind**  
Wind blew off the top of the tobacco warehouse, formerly owned by D. G. Partridge of Milton Junction, near the south Y switch this side of Milton last night, blowing down corn and tobacco. The wind storm was general in this part of the state, causing considerable damage to crops and buildings. A large warehouse at Brookfield, opposite the St. Paul water tank at that station, was blown down. The wind mill of the St. Paul road at Eagle was lowered to the ground by the wind. Barns in the vicinity of Brookfield were blown down and trees were torn out by their roots. Passengers going through here this morning declared that the storm on Lake Michigan last night, while they were crossing, was terrific, the wind blowing such a gale as to drive the steamer from its course.

**Knocked Down**  
Mrs. T. M. Carpenter of Beloit was knocked unconscious by a flash of lightning. At Watonsia there was a cloudburst.

**Barns Burned**  
In Oconomowoc and all of the lake district several barns were burned down and a great deal of hay and grain ruined. In Green Bay the storm was beneficial to the farmers who needed rain very badly.

### TELEGRAM CLEARS UP CAUSE OF HIS DEATH

Message Delayed by Strike States Will O'Donnell Died from Heart Failure in California.

Owing to the telegraphers' strike, a message concerning the death of Will O'Donnell, formerly of this city, filed to the Gazette at Sacramento, Calif., Tuesday of this week was not received here until this morning. The telegram stated that O'Donnell, who died at Chico, Calif., about two weeks ago, died from natural causes. A few days following his death the Gazette published a story stating that a letter written by the deceased the day before he died was received here. The letter he wrote by this time tomorrow I will be dead. This statement was interpreted by the recipient to mean that possibly O'Donnell would take his own life. Relatives were unable to hear from the deceased man's sister and could not ascertain from what cause he died. The telegram received by the Gazette this morning is as follows: Sacramento, Calif., Aug. 13.—Janesville Daily Gazette. Both doctors attending Will before his death found no evidence of suicide. Cause was heart failure. Please make this clear. Katherine O'Donnell.

**Card of Thanks.**  
We desire to express our heartfelt thanks to the friends and neighbors who so kindly assisted us during our recent bereavement, the death of our son Frank.

## ALBERT PETERSON MUST PAY \$50 FINE

Or Spend Fifty Days in the County Jail—Convicted of Using a Get-Along and Rejected for Alleged Parjury.

"The court is convinced that the defendant has been perjuring himself with regard to this case and finds him guilty. He is sentenced to pay a fine of \$50 and \$7.50 costs or serve not exceeding fifty days in the county jail. I am so thoroughly convinced that the man has been lying that I have assessed a larger fine than would otherwise have been levied."

This was the rule which Albert Peterson of the town of Rock received this morning at the conclusion of his trial in municipal court on the charge of employing a soldier in place of a regular operator on the Rock river near Afton last Sunday. Deputy Game Warden Peter Drafiak was the complainant and according to his testimony he caught Peterson and his companion, Henry Johnson, "red-handed." Peterson admitted his presence in the vicinity at the time the warden came upon the party lifting the line, one end of which was tied to a tree on the defendant's farm, but materialized a mysterious third party—a friend of Johnson's—a substitute in all the incriminating portions of the drama witnessed through Mr. Drafiak's field glasses.

It was one man's testimony against the other's, as the state and the defense had but one witness apiece, but with the court the fact that Peterson had evaded his promise to pay the \$25 fine of Johnson who was convicted last Monday and whom the officers have since been unable to locate, had considerable weight. When the two men were in court the first of the week and Johnson, against the advice of Peterson's attorney, Cornelius Buckley, pleaded guilty, Peterson is alleged to have assured the court that he owed Johnson \$20 and would see that his fine was paid on Friday. Today Peterson said that his son had the money and that he was not able to produce either the cash or his alleged partner in the fishing enterprise.

District Attorney Fisher represented the prosecution and Cornelius Buckley conducted the defense. The set-off with its fifty hooks was offered in evidence. At a late hour this afternoon Peterson had been unable to locate any friend who would pay his fine and had commenced to serve his jail sentence. He had hoped that the owner of the farm on which he is tenant will come to his rescue.

Mr. and Mrs. B. H. Baldwin will depart Monday on a trip to Manitowish, Wausau, and other northern cities.

J. G. Monahan was here from Burlington last evening.

"Tabe" Johnson of Shullsburg was a visitor in the city last night.

Mrs. D. Browne of Chicago is a visitor in the city today.

Larry White, R. Hartman, George Hickay, J. Jones, and L. J. Lels, of Berlin, Wis., were Janesville visitors last night.

Mayor Heddles saw Fire: Mayor Stewart H. Heddles, who returned from Chicago this morning, witnessed the big fire which destroyed \$60,000 worth of property in the upper floor of the building at 151 Lake street and spread to the inventory building at 151 Lake street yesterday noon. The H. Husey Leaf Tobacco Co., with whom the local packers transact considerable business, was one of the heavy losers, the stock being badly damaged by smoke. Thirteen firemen were overcome by the smoke and flames.

## BURGLARS LOOTED A BELOIT STORE

\$2,250 WORTH OF SILKS AND FURS WERE TAKEN.

### FROM ERNEST LIPMAN'S

Last Evening and There Is No Clue—Entrance Was Effected by Way of Skylight.

Ernest Lipman's drygoods store at 224 East Grand avenue, Beloit, was burglarized last night and the criminals got away with an outfit worth \$250 and 35 bolts of silk valued at \$1,000. Twenty-three other fur garments and 30 bolts of silk were piled up awaiting transportation to unknown corners of the earth but the burglars were evidently frightened away before they completed their undertaking. The entrance was effected through the skylight, the footers letting themselves down into the store and pulling themselves up again by means of a rope and making their escape from the roof via a chimney which offered easy access. No clue to the identity of whereabouts of the burglars has been discovered.

### MOORS REPULSED AGAIN.

Admiral Philibert Reports Several Attacks on French at Casablanca.

Paris, Aug. 10.—Vice Admiral Philibert, telegraphing Wednesday, reported isolated attacks on Casablanca which the troops easily repulsed, being assisted by the shell fire of the French cruiser Océan.

The cruisers Forbin, Gaitier, Cassini and two torpedo boat destroyers are now used in a systematic patrol of the coast of Morocco.

Tanger, Aug. 10.—Advices received here from Fez say that the grand council called by the sultan to consider the situation at Casablanca has agreed that he shall use all his influence in the direction of peace. The sultan's proclamation counseling universal calm in the country's crisis is earnestly supported, so far as his public affirmations are concerned, by Sharief Elghani, who is a notorious fanatic and hater of Europeans.

The sultan has begged the Europeans not to leave Fez as he would not be responsible for their safety if they depart from the capital.

There is considerable uneasiness here over the nonarrival of a number of fugitive Europeans who are reported to have left Morocco City last Saturday under a strong guard and who were expected here last Monday.

## EAGO Flour

Special price \$1.50 sack. Costs more than standard flour.

It is better than standard flour.

More money, skill and care put into the making of it.

It all shows in the bread—looks better, tastes better, is easy to make and is always the same.

If EAGO flour doesn't make three live cent loaves of bread more per sack than any other flour you ever used it won't cost you a cent.

It's what you can get out of it, in quantity and quality that determines its value.

MADE A TORCH OF PADDY.

Now the Chances Are He Will Carry His Matches Elsewhere.

Nine-year-old Paddy Monacco says that the next time he plays hat on the back with the gang he isn't going to have his rear pants pocket full of matches, says the New York Sun. They play the game strenuously in a lot on Twenty-seventh street, near Tenth avenue. The game had progressed to the grab the hat and slap stage yesterday, and Paddy stood doubled up with his head pointed eastward and the other end of him directed toward the setting sun. Tommy Glynn in leaping over Paddy gave him a vigorous wallop. In a twinkling the west end of Paddy's pants and he let a howl out of him that could be heard for blocks. The other kids bent the flames out as best they could and saved at least the front part of Paddy's breeches. Tommy Glynn and Billy Rooney were more or less badly burned about the hands, and Paddy was more severely burned elsewhere. An ambulance was summoned from Roosevelt hospital and the surgeons fixed up the Glynn and Rooney boys and took Paddy to the hospital for more thorough treatment. Later Paddy was sent to his home at 545 West Twenty-seventh street and ate his supper off the mantelpiece.

TO THE SIXTH GENERATION.

People Who Have Lived to See Many of Their Descendants.

It is given to few men, as to M. T. Wulfschlegel of the canon of Vaud, to celebrate the birth of a great-great-granddaughter, but even more remarkable experiences than this are on record, according to the Westminster Gazette. Dr. Plot in his "Natural History of Staffordshire" quotes the case of old Mary Cooper of King's Bromley, who lived to see the sixth generation of her descendants, and was in the position to say, "Rise up, daughter, and go to thy daughter, for thy daughter's granddaughter hath a daughter;" while Horace Walpole lived to see seven descents in one family, the progeny of Mrs. Godfrey, mistress of James II. It is not long since the dowager duchess of Abercorn died leaving more than 200 direct descendants, at least four of whom were great-great-grandchildren. About the same time Mrs. Sarah Ann Woolf, of Utah, nursed her twenty-third great-great-grandchild, one of 303 living descendants; while it is said of a Spaniard who returned from America to his native land a few years ago that he was accompanied by 280 of his descendants, including three great-great-grandsons.

The Uses of Worry.

Worry of one sort and another is necessary to the complete health of the spirit; worry is as surely related to content on one side as it is to misery on the other. It is as wholesome an exercise for the spirit, and as refreshing, as the physical exercise which the man finds so necessary to his well-being. The spirit must have its peculiar gymnastics; the soul cannot afford to become stagnant; its waters, if one may say so, must be stirred occasionally if they would be kept fresh and sweet.—Joel Chandler Harris in Uncle Remus' Magazine.

A Paradox in Age.

At an entertainment provided by the Woman's philanthropic society the most widely advertised attraction was a dancer, who, so it was whispered, "had become too old to teach in the public schools and had taken to dancing for a living." That remarkable announcement drew a crowd of curious persons who were anxious to see what a woman looked like who was too old to teach but young enough to practice the torchlight art in public. Also, everybody wanted to know what the topsyturvy age might be, but of course, no one found out.

Despondent Dog a Suicide.

A valuable bulldog belonging to John C. Reed, of Binghamton, N. Y., committed suicide by jumping up against a picket fence until he hooked his collar over one of the pickets. He then swung himself around until the weight of his body on the leather strap shut off his wind and he strangled. The dog had made a previous attempt to hang himself, but was found in time and taken from the fence, although he fought savagely while his owner unhooked his collar from the picket.

"Getting Even."

In savings banks it is customary to require a new depositor to sign an identification blank. In a certain savings bank recently a woman was somewhat unwilling to comply with this request. "What is your husband's name?" asked the clerk. "My husband's name is Peter Jones. What is your wife's name?" snapped the fair depositor.

DENVER FLYER IS WRECKED

ELEVEN PERSONS ARE INJURED, TWO OF WHOM MAY DIE.

Fast Train on the Burlington Derailled in Iowa—One Killed in Missouri Accident.

Des Moines, Ia., Aug. 16.—The fast Burlington train from Denver to Chicago was wrecked a mile east of Russell, Ia., Thursday, injuring 11 persons, two of whom may die.

The derailment of the front truck of the first mail coach was the cause of the wreck, though why the truck went off the track no one can explain.

The injured are K. E. Meredith, Chicago; F. C. Crowley, Des Moines; T. G. Russell, Chicago; Dr. L. H. Phillips, Avery, Ia.; W. D. Humphrey, cook on diner, may die; Mrs. James H. Rydholm, New Brunswick, Canada, internally injured, may die; Brickland Gilliland, Baltimore, Md.; M. S. Praybun, Omaha; Mrs. W. O. Carter, Payes Center, O.; Mrs. W. P. Shuckspore, Cleveland, Ia.; W. D. Combs, Kansas City, condition serious.

Almost every seat in the nine cars was occupied. The train was running 50 miles an hour, and the front trucks of the first mail car jumped the track, pulling the mail car and the baggage car and smoker completely over after it with terrific force, and forcing five other cars part way over, the earth at the side of the track alone saving them from turning over. The trucks were smashed beneath the cars. Two sleepers at the rear of the train and the engine did not leave the track.

A gas pipe in the diner was broken, and almost instantly that car burst into flames, which were extinguished by the train crew after part of the car was consumed.

Weston, Mo., Aug. 16.—Burlington passenger train No. 20, south-bound, was wrecked near here Thursday, resulting in the death of one man and serious injury to four other persons. Louis N. Wilson, traveling salesman, of Kansas City, was killed.

THEODORE OLSEN MISSING.

Accounts of Former Danish Vice Consul Said to Be Short.

Omaha, Neb., Aug. 16.—Theodore Olsen, former Danish vice consul at Omaha, and at one time city comptroller of Omaha, is missing from the city and it is alleged, that his accounts with the Danish government are short about \$12,000. The shortage is on account of estates in Nebraska which came into Olsen's hands as trustee for the government of Denmark. Consul Oldenberg, of Chicago, is making an investigation of Olsen's affairs and has taken steps to find him.

Dynamite Blast 'Kills' Eight.

Danwitz, Germany, Aug. 15.—Eight persons are known to have been killed, 14 were severely and 61 slightly injured as a result of an explosion in a dynamite factory here Thursday. The first detonation, which threw the 200 employees of the factory, including some 20 women, into a state of panic, was at once followed by several other explosions and an outbreak of fire.

IT'S  
COPPER  
FROM  
TIP

TIP

And there are no joints in it to come apart. The Janesville Copper Cable Lighting Rod is made of thirty-one separate strands of pure copper wire—this way:

First the "core" is made—a continuous coil of pure copper wire;

Then ten separate copper ropes are made, each of three strands, twisted together—to the LEFT.

Then these ten ropes of three strands each are twisted around the coiled core—twisted to the RIGHT.

See the point?

The wires to make the LITTLE ropes are twisted ONE WAY; the little ropes to make the cable twisted the OTHER WAY.

So there's no unraveling.

And the whole process insures a PERFECT rod—a rod far in advance of any other manufactured.

We will equip your buildings with the Janesville Copper Cable Lighting Rod and guarantee to refund the cost of the rod if any building equipped with it is damaged by lightning.

# Save Ten Cents On Every Dollar

We want to clean up stock to make room for new fall goods.

But instead of doing it by the usual "reduction sale" method—which gives you cut prices on SOME goods, and not on others, we're doing it this way:

During the balance of this month we will give you a straight

## Ten Per Cent Discount

on any and every cash purchase of \$1.00 or over.

This discount applies to everything in our complete, up-to-date stock of Hardware and Harness.

You know that our prices are bed-rock prices anyway, and this 10 per cent discount will be an additional inducement for you to fill your hardware and harness needs now.

## SPECIAL

A COMPLETE STOCK OF OILS AND GREASES OF ALL KINDS—MACHINE OILS, CYLINDER OIL, THRESHER HARD OIL, VACUUM MARINE ENGINE OIL, AND CUP GREASES.

### Didn't Like His Tombstone.

W. W. Mayes of near Thompson, who is in his eighty-eighth year, has sued his daughter, Mrs. Eliza Givens, for \$27.50, which he claims he loaned her, to be returned when he requested it, says the Columbia Herald.

Mrs. Givens acknowledges that the money was paid to her to purchase a tombstone and to meet her father's funeral expenses at his death. The money was given to Mrs. Givens years ago, and it was in gold. Recently Mrs. Givens bought a monument for her father for use when he should die, paying \$50 for it, and her father saw it and approved of the bargain. But lately he changed his mind about the matter, and the action was recently taken into court. The jury awarded plaintiff judgment in the amount of \$25, defendant to pay the costs.
